YEAR ROUND PARTNERS

4MHP exceeds all health and safety protocols outlined by the City and County of Denver and the State of Colorado Department of Public Health & Environment with limited capacities, increased sanitation, social distancing and PPE.

About Us: Open to the public since 1978, Four Mile Historic Park (4MHP) is a 12-acre oasis in the city. The Four Mile House serves as the centerpiece of the property, and is both a Denver landmark and National Historic Place. Today, the mission of 4MHP is to educate a diverse community and promote preservation, interpretation, and enjoyment of Denver’s Western heritage. Through events, interactive programming, and education, 4MHP connects guests to the region’s frontier heritage by sharing stories and experiences of those who shaped Denver 160 years ago.
